FWAL

FOR AXLES GREATER THAN 40,000 LBS. - **ILS-P**

The HOLLAND FWAL Fifth Wheel. With the combination of proven reliability of HOLLAND fifth wheels and the leading technology of ALCOA forged aluminum, the most innovative, lightweight fifth wheel in the world is created. Designed using master engineering, forging and machining technology, the FWAL is performance inspired to save weight and increase your bottom line with larger payloads.

LIGHTER – Designed to be the world’s lightest, up to 100 lbs., and only aluminum fifth wheel.

REDUCED MAINTENANCE – Designed with low lube technology to eliminate the need to grease the top plate and mounting brackets.

PERFORMANCE GUARANTEE – The FWAL is guaranteed for 5 Years/500,000 Miles to provide maximum operation performance. In the unlikely case of wear requiring lock mechanism replacement, SAF-HOLLAND will cover the cost of parts, labor and freight.* Lube plates carry a 2 Year/200,000 Mile Performance Guarantee.**

FWAL SERIES – LIGHT WEIGHT FORGED ALUMINUM

THE WORLD’S LIGHTEST AND ONLY ALUMINUM FIFTH WHEEL

Built with the same aluminum grade as military tank and truck wheels, then forged in a 35,000 ton press and precision machined for unmatched strength and up to 100 lbs. of weight savings.

ADVANCED LUBE PLATE DESIGN

Polyethylene material molded around a honeycomb pattern steel reinforcement plate to create a wear, peel, and warp resistant lube plate.

NOLUBE™ ARTICULATION POCKET INSERTS

Reduces maintenance and has a long life.

E-Z GRIP RELEASE HANDLE

Requires minimum effort and protects handle from damage during a missed coupled and provides automatic secondary lock to assure safety.

PACCAR FINANCIAL

PACLEASE & PACCAR FINANCIAL PLANS TAILORED TO YOUR NEEDS.
